Lined Paper	Loose or Spiral	1 pkg./notebook
Graph Paper	Loose or Spiral	1 pkg./notebook
Pencils	No Preference	6
Erasers (pencil)	Large	2
Colored Pencils	Multicolored	1 pkg.
Dry Erase Markers	Large multicolored	1 pkg.
*Calculator	*Graphing (Recommended: TI-84 Plus)	1

*It is HIGHLY recommended that each student acquire their own graphing calculator. While we do have a classroom set (for use during class), we do not have enough for every student to check one out. The TI-83 Plus and TI-84 Plus (any version of the TI-84) Graphing Calculators are allowable on all standardized tests for high school students (including the PARCC, ACT, PSAT, SAT, and the AP Exam), so it is extremely helpful for students to have their own in order to become more familiar with it throughout the year. It is a powerful tool that will be useful for both high school and college! If you are unsure of which model to get or if you have any questions, feel free to email Miss Lynn at alynn@paparts.org.
