

**PUBLIC ACADEMY FOR PERFORMING ARTS
 DAYANA DIAZ
 COMMUNITY SERVICE AWARD
 NOMINATION FORM**

Dayana Diaz became a student at PAPA when she started sixth grade. She took classes in a number of performing arts, but her main focus was Dance. Dayana’s positive personality and dedication to community was admirable. Her smile and optimism was contagious. Dayana passed away her Senior year at PAPA. May her spirit live on as we honor students through this community service award.

In addition to serving as a PAPA student ambassador at least once during the school year, the recipient of this award must be a student in good academic standing (academic standing based on New Mexico Activity Association guidelines and no discipline referrals during the current year). It will be presented to a student or students who consistently demonstrate qualities of empathy toward school peers and members of the greater community. The recipient(s) must have provided volunteer service during the current school year for at least (2) two organizations not affiliated with the school. Community service is not limited to performing arts, although it is highly encouraged. Award recipient(s) must also attend at least one community-based workshop, conference or event promoting social justice, diversity, safety, non-violence, or healthy habits. Staff, students, or community members can nominate students for this award. A committee assigned by administration will determine the award recipients.
