

Addendum to Sick Leave Policy
Huntzinger
Expires on June 30, 2021

In order to accommodate our staff during the COVID 19 pandemic, PAPA is offering an extension to the now expired CARES ACT requirement that employers to pay employees up to two (2) weeks of paid sick leave for employees who are unable to work due to illness caused from COVID 19. A positive test result and doctor's note must be submitted to the Business Office in order for non-chargeable sick leave to be paid for time missed due to illness. If the employee is asymptomatic but has still tested positive for COVID 19, accommodations will be made to allow the employee to work from home.

During this extension, the employee's sick leave will not be charged for up to two (2) weeks of sick leave due to illnesses and inability to work caused by COVID 19. Please note that this extension only applies to employees who are unable to work due to his or her illness. It does not include time off to care for family members.
