### Layer 2 Health Intervention Group Insights

(Group has been in place for 3.5 years-begun in Spring of 2022)

41 students participated in the Layer 2 Health Intervention group. 9 students disensolled before completing the group. 10% it was their second suspension for SA.

80% High School, 20% MS (oldest was 17, youngest was 12)

50% received SE supports, 30% on 504, 10% receiving MLSS supports

48% reported mental health diagnosis (most common=anxiety and depression)

80% report family history of use or current use (immediate family)

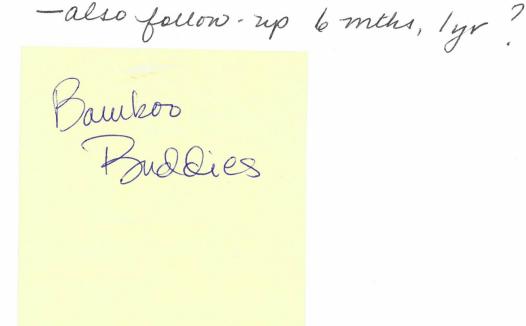

Cannabis and nicotine are the most reported used; others are LSD, mushrooms, alcohol and ecstasy. One student reported fentanyl use.

Only 5% thought they had a problem with use pre-assessment; 30% thought they did/might have a problem post-assessment (this did not correspond with a reported increase in use)

12% reported that their peers play a role in their use. 37% reported using to cope with negative thoughts. 42% reported using to cope with unwanted feelings-and about half of these reported school stress as a factor. 27% reported family dynamics as a contributing factor to their use.

82% reported using coping strategies learned in the group to coping with contributing factors post-group.

Missing information includes demographics such as racial/ethnic identity, gender identity, and socio-economic status. This might be useful to include in future groups.

Next school year, our professional development offerings will focus on enhancing instructional strategies and fostering a more engaging, inclusive learning environment. Key opportunities include:

- Growth Mindset & Social Media Standards: Dr. Blake Brandes will lead sessions
  centered on cultivating a growth mindset in students and navigating social media use
  with integrity and intention. These sessions will support educators in promoting
  resilience, motivation, and responsible digital citizenship.
- Universal Design for Learning (UDL): Staff will engage in ongoing training in UDL principles to better meet the diverse needs of all learners. This includes:
  - Digital Tools: Effective use of tools such as Read&Write to support literacy and accessibility.
  - Gamified Learning: Strategies to increase student engagement through game-based learning approaches.
  - Arts Integration: Leveraging the arts across content areas to enhance creativity, comprehension, and student expression.

Expected Outcomes: Through these professional development opportunities, we anticipate increased student engagement, improved focus, and higher academic achievement across grade levels.

### **Senior Moments:**

\*\*I am thankful for PAPA because of the community it fosters. I have found the people closest to me in an environment I never thought I would. Friends have turned to family and English teachers have given better life advice than a prophet, or more real advice at least.

\*\*I am grateful for PAPA because I met new people and improved my art. I learned how to do new things and feel more capable than when I joined. I'm grateful for the small class sizes in PAPA because a lot of people make me nervous. I'm grateful for the faculty and teachers for being nice and I'm grateful for the students for being interesting people to know.

\*\*I am thankful for PAPA because this school has helped me connect with my career in a deeper, knowledgeable way. I have studied multiple different arts and found love for new things. I have been at PAPA since 7th grade and it has given me the opportunity to experience life in a musical way. If I didn't go to PAPA, I would not be in dance because I would not be able to afford going to a dance studio. PAPA has given me multiple opportunities to get into colleges, fundraisers, and become the person I am today. PAPA has challenged me in ways to push myself to become better. It's the reason I stay committed to my grades and graduating. I would have hated going to a public school.

\*\*I am thankful for PAPA because I've met a lot of people here that I cherish. I've met friends that I love, and that I'll know all of my life. I've also met teachers whose philosophies I've adopted and incorporated into my life. They've also been supportive of me my entire time at PAPA which I'm so thankful for. I'm also thankful that PAPA's education is one of the best in the entire state because I do not want to be stupid. Another thing I'm grateful for is how it's a college prep school because it's helpful.

\*\*I am thankful for PAPA because of it's supportive atmosphere. The teachers and students all share a passion for art and a closer connection with each other. This helps me and other students feel accomplished even in the littlest ways and improve our self confidence. Overall, the environment here has helped me and will help others.

\*\*I am thankful for PAPA because it gives me a safe place to be myself. I am especially thankful when I compare my high school and middle school experiences to other experiences. I find myself thankful for my easy years at PAPA. I know that if I attended the other public schools I would probably be bullied. PAPA is a great school for students to explore who they are and who they want to be.

\*\*I am thankful for PAPA because it has stopped me from having to go to public school. Public school is hell and the one year I went to public high school was one of the worst years of my life. It also brought music into my life. Before going to PAPA, I had no real interests. Ever since coming here, I realize I am a talented musician and it is my passion in life. I have met my closest friends at PAPA and also my girlfriend of 2 years here at PAPA. My life would be drastically different if I didn't go here. Even though there are lots of things to complain about, I still wouldn't choose to have gone to any other school.

\*\*I am thankful for PAPA's teachers. The teachers at PAPA are passionate about what they are teaching and take major time out of their schedule to teach their students. Even outside of education the teachers at PAPA are here for their students and are able to sit and talk to you and treat you like an adult. They are sweet and passionate people who care about their students and what they teach.

\*\*I am thankful for PAPA because it allowed me a place to hone in on my craft and pursue my passions. I've been able to try things I was interested in and perfect things I had already done. I've found new love in things such as physics and drums thanks to my teachers and the resources available to me. I am thankful for PAPA because it has given me some of the most meaningful experiences and friendships I've ever known. It brought these people closer to me to where they are like family. I am thankful to have met my greatest mentors. I am thankful they have raised me higher.

### Public Academy for Performing Arts Strategic Plan Summary Collaborative Leadership: Governing Council and Executive Director

### **Mathematics Achievement Focus**

### Inputs & Actions:

- School-wide emphasis on building math vocabulary, critical thinking, and productive struggle.
- Targeted professional development for teachers to integrate arts and mathematics.
- Celebrate growth with skill-based competitions and department-led initiatives.

### **Intended Outcomes:**

- Significant growth in math proficiency across all grade levels.
- Increased engagement and confidence in math learning.
- Enhanced interdisciplinary connections.

### Data: Funding alignment;

From a budgeting perspective, we are sustaining our salary schedules to continue offering two class periods during the school day, as well as an 8th period dedicated to targeted assistance—five for math and one for ELA. Additionally, we're utilizing a variety of literacy and math tools. While many Universal Design for Learning (UDL) tools are currently available at no cost, we plan to purchase ReadWrite next year to ensure all students have access to these resources.

We also have applied title 2 money for professional development in math. We are sending 4 teachers to an out of state conference in May. We hope this will help math teachers deepen skills and lesson delivery specifically for intervention.

We recently administered our spring assessment to evaluate progress in these focus areas. Several students have since moved out and are no longer receiving support. With an overall enrollment decrease of approximately 20%, this indicates a reduced need for targeted assistance services.

### Is this working?

Most students are self-reporting that intervention is helpful. When asked what would make intervention better, these are some responses;

Nothing its all good the way that it is.

a quieter class

more time

Everything. I'm bad at it:))

I want to go home

When asking staff what would improve here are some responses:

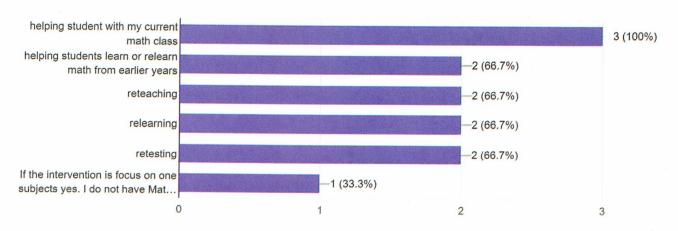

If Study skills change into 100 math intervention, it will help a lot for many students who need to cath up on the gap the students have and their current knowledge (course) and to increase their knowledge in math so their level in math can go up and the gap can be narrower.

Not having it at the end of the day.

It would make it better if students come regularly and students should submit a progress monitoring report every Friday.

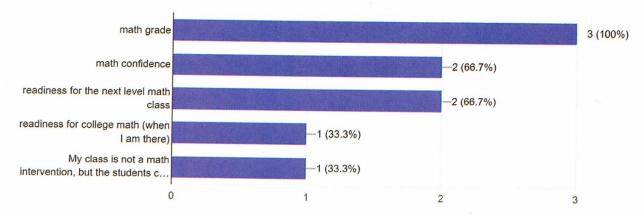

### **Teacher Perceptions:**

### Math intervention is most helpful by 3 responses

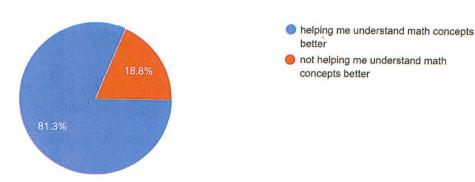

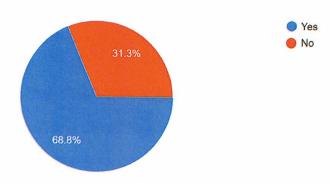

### **Student Perceptions:**

I feel that the math intervention 8th period or during the school day is 32 responses

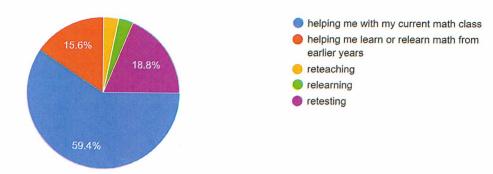

I feel more confident about my math class when I have intervention time either MLSS, lunch, or 8th period 32 responses

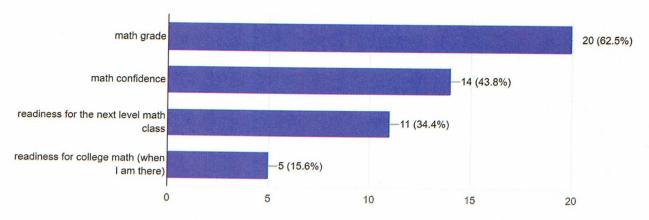

Math intervention is most helpful by 32 responses

My \_\_\_\_\_ has improved this year because of math intervention 32 responses

### Dear PAPA Families:

At PAPA, one of our primary responsibilities is to ensure that each student is provided with learning opportunities for challenge and growth. To monitor that growth, we consider data from a variety of sources, including classroom assessments and teacher observation, as well as standardized assessments that are nationally normed. This balance helps us to ensure that we are capturing a broad set of data as we consider each student's achievement over a period of time.

Depending on your student's grade, they were assessed using either the PSAT 8/9 (9<sup>th</sup> grade), PreACT (10<sup>th</sup> grade), or SAT (11<sup>th</sup> grade) in April of this year. Students taking the PSAT or SAT have access to several learning tools attached to their assessment through their CollegeBoard account. They created a personal login and password before taking the grade-level exam. If they do not remember their account login/password, they will need to contact CollegeBoard to retrieve their information.

As educational partners, we also want to ensure that you have access to that data. We have included the results of the assessment in the end-of-year report card. In addition, there is a brief explanation of the score results and what it may mean for your students' understanding of skills.

The goal of all of our assessments – state, national, and local – is to provide a clear picture of student growth and achievement.

Kind Regards,

Lynnette Walker Academic Transition Specialist

**9**<sup>th</sup> **grade** - PSAT 8/9 score of 1000 or above is generally considered a good starting point, especially for 8th graders. For 9th graders, a score in the 900-1000 range is a solid foundation, and students can aim higher as they progress through high school. A score in the 1200-1250 range is considered very good, indicating strong performance.

### Here's a more detailed breakdown:

- Below Average: Scores below 950 are considered below average.
- Above Average: Scores between 950 and 1060 are above average.
- Competitive: Scores between 1070 and 1200 are considered competitive.
- Best: Scores between 1210 and 1520 are considered the best.
- 99th Percentile: A score of 1230 or higher is in the top 1% of PSAT 8/9 scores.

10<sup>th</sup> grade - A "good" PreACT score depends on your individual goals and aspirations, but generally, scores above 20 are considered a strong starting point, while scores above 25 indicate excellent preparation for the ACT. For example, a score of 29 on the PreACT is considered a solid score, potentially good enough for many state colleges.

### Here's a more detailed breakdown:

- Above 30: Excellent! You're in very good shape for the ACT.
- 25-29: A strong score with potential for further improvement.
- 20-24: About average and a solid starting point.
- Below 20: Considered okay and a good benchmark to guide your study

**11**<sup>th</sup> **grade** - A proficient SAT score generally falls within the range of 1200 to 1390, placing you in the top 10% to 50% of test-takers. A score above 1300 is considered "solidly good," while 1400 and above is considered "great".

### Here's a more detailed breakdown:

- 1050: The average SAT score.
- 1200-1390: A good score, indicating you're above average and more competitive for many colleges.
- 1390+: A strong score, making you a highly competitive applicant.
- 1400+: Indicates you're in the top 7% of test-takers and likely a very competitive applicant.
- 1500+: Puts you in the top 1% of test-takers.

Please help us welcome new staff: Social Worker: Effie Clayton

Ms. Clayton joins the Public Academy for the Performing Arts with a unique blend of experience in education, the arts, and social work. She is a recent graduate of New Mexico State University's Master of Social Work Program, where she completed a year as a school social worker with Rio Rancho Public Schools and conducted published research with the Center on Immigration and Child Welfare.

Her professional journey began as a dance education teacher in Utah, but she took time away from the workforce to raise her five children. Through her experiences parenting a daughter with autism and a son with ADHD, Ms. Clayton developed a deep, personal understanding of the complexities of mental health and neurodiversity. These experiences, combined with a passion for equity and justice, inspired her transition into the field of social work.

Ms. Clayton's background in both education and the performing arts makes her especially excited to join a school community that values creativity and self-expression. In addition to dance, she has experience in musical theater, instrumental music, photography, and visual arts.

She looks forward to supporting students as they pursue their artistic and academic goals, and she hopes to create a space where every student feels safe, heard, and empowered to build the future they envision.

Director of Special Services: Elizabeth Schrum

Elizabeth S. Schrum is an experienced and passionate educator with over 20 years of service in New Mexico's diverse and evolving educational landscape. Her career reflects a deep commitment to equity, innovation, and student empowerment, with a particular focus on special education and instructional leadership. Elizabeth works closely with educators to develop inclusive, data-informed teaching strategies that support all learners. Her expertise spans a wide range of roles—from classroom teacher and department chair to director of special education—demonstrating her ability to lead with vision and compassion.

Throughout her career, Elizabeth has been a strong advocate for collaborative practice, culturally responsive teaching, and student voice. She believes that effective education begins with connection and trust, and that students thrive when given meaningful opportunities to shape their learning experiences. Her journey spans everything from teaching GED courses and Conservation Biology to leading special education departments and mentoring new teachers. She's worn many hats—middle school math guru, high school English wizard, tech trainer, instructional leader, and a biology nerd with a BA from Fort Lewis College and a Master's in English and Creative Writing (because why not blend science and storytelling?) Elizabeth's approach is grounded in reflection, authenticity, and a genuine belief in the potential of every student and educator. Whether mentoring new teachers, designing inclusive classrooms and curriculum, or facilitating professional development, she remains focused on building learning communities where everyone feels seen, supported, and empowered to grow.

### PROFESSIONAL SERVICES AGREEMENT (LEGAL SERVICES)

This Professional Services Agreement is entered into between Public Academy for the Performing Arts, a New Mexico public charter school, and Charter Law Office, P.C., a New Mexico professional corporation, this \_\_\_\_ day of \_\_\_\_\_\_, 2025. The parties agree as follows:

- 1. Public Academy for the Performing Arts and its governing body ("School") hereby retains Charter Law Office, P.C. (hereinafter "Counsel"), when approved by the School's designee, as legal counsel for the purpose of representing the School in legal matters relating to the charter school's relationship with its authorizer or such other matters. Counsel is retained on an as-requested, as-assigned basis for particular matters referred to it by the School's representative, and not as general counsel to the School. Matters to be worked on by Counsel shall be referred by the designated member of the School's governing body or other designee. Counsel will not be expected to work on any matter not so referred to them, although in an emergency, if issues of importance arise before authorization can be obtained from the School designee, Counsel is authorized to act so as to protect the interests of the School to the extent necessary and reasonable in the circumstances. Counsel reserves the right to decline representation in particular matters beyond Counsel's area of expertise or experience, or where Counsel's workload does not permit undertaking additional matters, in the exercise of Counsel's professional judgment.
- 2. For their services, Counsel will bill at the rate of \$300.00 per hour for standard legal services, and will bill at \$400.00 per hour for services related to real estate financing/private bond transactions, plus applicable gross receipts taxes. To the extent reasonable and necessary, counsel may utilize the services of contract attorneys at \$200.00 per hour and/or paralegals at \$130.00 per hour, plus applicable gross receipts taxes. Monthly statements shall be sent in care of the School's Accounting Office at the address stated in paragraph 19 or as otherwise directed by the head administrator. In addition to attorney fees, Counsel's statements may include reasonable and necessary expenses of representation, including but not necessarily limited to extraordinary clerical services and supplies, conference call charges, travel at coach or government rates, on-line research expenses, copying, postage, and express mail service costs. Ordinary overhead of Counsel will not be charged. If Counsel is required to travel to the school's location or any other out-of-Albuquerque location, the Firm will charge the applicable hourly rate for travel time, plus mileage at the State of New Mexico's approved rate or air travel at actual coach rates.
- 3. Counsel will submit a detailed statement accounting for all services performed and expenses incurred. If the School does not dispute the statement within thirty days, client shall make payment in full. If the School finds that the services are not acceptable, within thirty days from receipt of Counsel's invoice, School shall provide Counsel a letter of exception explaining its objection to the services, and outlining steps Counsel may take to provide remedial action. Thereafter, if the satisfactory correction is made by Counsel to the invoice, then School shall pay Counsel the total amount of the invoice within thirty days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked. Counsel may charge interest not to exceed 18 percent annualized interest for failure to make payment within the time specified herein.
- 4. Upon request, Counsel will give a verbal estimate of the fees and costs which may result from the firm's efforts. It is understood that estimating legal costs is notoriously difficult and, therefore, Counsel may upon request of the School periodically advise of any changes in the initial estimate that may be necessary.

- 5. The School agrees to make every effort to avoid entering binding contractual or other legal obligations without prior review of Counsel, and is advised to notify Counsel immediately upon any possible claims against the school or any of its personnel for which the School intends to retain Counsel's services.
- 6. Counsel shall be empowered to file lawsuits or administrative claims only upon resolution or prior written approval of the School's governing body.
- 7. The term of this agreement shall begin July 1, 2025 and be for the fiscal year ending June 30, 2026. Either party may terminate the agreement by notifying the other in writing. Counsel shall be entitled to collect unpaid fees and expenses to the date of termination, plus reasonable fees and expenses for winding up and transition costs.
- 8. This letter agreement is contingent upon sufficient appropriations and authorization being made by the State of New Mexico Legislature for the performance of this agreement. If sufficient appropriations and authorization are not made by the Legislature, this agreement shall terminate upon written notice by the School to Counsel.
- 9. Counsel's status shall be at all times as an independent contractor performing professional services for the School, on an as-requested basis, and shall not be considered an employee of the School, or the School's "in-house" or "general counsel". Counsel agrees that the services provided pursuant to this agreement are personal and, consequently, this agreement is not assignable. School authorizes Counsel to represent School with respect to matters undertaken by the Firm. Counsel agrees that the Firm may not subcontract any services requested pursuant to this Agreement without prior written consent of the School.
- 10. Counsel agrees to maintain, for at least three years, detailed time records that indicate the date time and nature of services rendered. These records shall be subject to inspection by the School upon reasonable notice. Counsel will request a written release from the School in the event that such records and documents are to be provided to the School district's auditor, the Public Education Department's auditor, or the New Mexico State Auditor.
- 11. Any confidential information provided to or developed by the Counsel in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Counsel without the prior written approval of the School.
- 12. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto.
- 13. The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.
- 14. Counsel agrees to abide by all applicable federal and state laws and rules and regulations, and executive orders of the Governor of the State of New Mexico, pertaining to equal employment opportunity. In accordance with all federal and New Mexico state laws, Counsel assures that it will not exclude any person from the Firm's employment, benefits thereof or subject its employees to discrimination on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity. If Counsel is found not to be in compliance with these requirements during the life of this Agreement, Counsel agrees to take appropriate steps to correct these deficiencies.
- 15. The laws of the State of New Mexico shall govern this Agreement, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-1 (G). By execution of this

Agreement, Counsel acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Agreement.

- 16. Counsel agrees to comply with New Mexico's state laws and rules applicable to workers compensation benefits for its employees. If Counsel fails to comply with the New Mexico Workers Compensation Act when required to do so, this Agreement may be terminated by the School.
- 17. If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.
- 18. A party's failure to require strict performance of any provision of this Agreement shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.
- 19. Any notice required to be given to either party by this Agreement shall be in writing and shall be delivered in person, by express courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, or by electronic email with verification of delivery, as follows:

Charter School Program (CSP) grants are made to charter schools, not any other entity. Regardless of the charter school's relationship with a management organization, the charter school and board retain responsibility for all aspects of the grant including, but not limited to application submission, budget decisions, and repayment of any misspent funds. Items purchased by the school with CSP funds are and remain property of the school, not the management organization.

Grant applications and budgets may not include any management fees that the school incurs as part of the management contract but may pay for allowable activities carried out by the school or the management organization.

If applicable, the full contract or agreement with the charter management organization (CMO) or educational management organization (EMO) must be included with this application to ensure it meets the definition of "arm's length" requirements. Other necessary documents include:

- A full listing of CMO/EMO Governing Body members and senior staff;
- An accounting of property owned by the CMO/EMO. that is used by the applicant;
- A description of the steps the applicant will take to ensure it maintains control over student records and personally identifiable information;

Additionally, the following assurances must be committed to by the applicant. The applicant acknowledges and will ensure that:

- the CMO or EMO has no involvement with the administration of the subgrant;
- the applicant has a separate attorney, accountant and audit firm that works for the charter and not the CMO/EMO;

The following factors will be considered:

- a) Financial and contractual relationship between CMO/EMO and applicant has an appropriate scope and term;
- b) Whether the charter school's governing board is selected by, or includes members who are employees of the CMO or EMO;
- c) The extent or scope of the business or financial relationship between the charter school developer and the management organization;
- d) The severability of the relationship between the CMO/EMO and the applicant charter school;
- e) Whether the contract between the charter school and the CMO or EMO was negotiated at "arms-length," clearly describes each party's rights and responsibilities, and specifies reasonable and feasible terms under which either party may terminate the contract (e.g., the charter does not lose the right to use the facilities):
- f) Whether the fee paid by the charter school to the CMO or EMO is reasonable for the type of management services provided; and
- g) Whether any other agreements (e.g., loans, leases, etc.) between the charter school and the CMO or EMO are fair and reasonable, documented appropriately, align with market rates, and include terms that will not change if the management contract is terminated.

As a general matter, subgrantees must avoid apparent and actual conflicts of interest when administering grants. For additional information on conflicts of interest, please see Section G of the federal CSP Nonregulatory Guidance.

section G of the federal CSP Nonregulatory Guidance.		
I have read the above and agree to all terms and assurances	5.
